

# 100 BEST COMMUNITIES

for Young People

SPONSORED BY

## Alaska

### Anchorage, AK

The Municipality of Anchorage is one of the *100 Best Communities for Young People*, in part, because of before- and after-school programs which provide youth with academic tutoring. Big Brothers Big Sisters and the Anchorage School District worked together to provide the "School-based Mentors Program," which identifies mentors who then spend one hour each week with a child. 21st Century Community Learning Centers provide after-school enrichment classes for K-8 students at thirteen public school facilities. Boys and Girls Clubs, Campfire, Girl Scouts, Alaska Native Heritage Center, and Cook Inlet Tribal Center are just a few among many providing quality programs that support and provide youth with opportunities to succeed.
