

100 BEST COMMUNITIES

Georgia

Columbus/Muscogee County, GA

Columbus/Muscogee County is one of the *100 Best Communities for Young People*, in part, because of a variety of partnerships that feature small group and one-on-one structure. Each Muscogee County School District elementary school has a business partner from within the community that helps underwrite programs, projects and learning opportunities. Examples are Columbus Recycling and Davis Elementary and Schuster Enterprises and Fox Elementary. These two corporate entities provide an excellent support system that allows for hands-on interaction and otherwise unavailable human and financial resources.
