## Maryland

### Wicomico County/City of Salisbury, MD

Wicomico County and Salisbury are being selected as one of the *100 Best Communities for Young People*, in part, because of the launch of The Youth Leadership Academy to start of engaging youth more fully in our community as the policy makers, as well as service providers. Seventy youth participated and created lasting foot prints in the community including a 14 ft positive message graffiti mural on display at a local sports center, a public service announcement aired in cable TV promoting healthy habits, and a community poster denoting "Safe Communities."
